

SAFETY DATA SHEET
SENSET MOIST PATIENT WIPES

SECTION 1: Identification of product / substance and of the company undertaking

1.1 Product identifier trade name:

Senset Moist Patient Wipes, Refill Pack
Code: 900PW050
Quantity: 50 wipes

Senset Moist Patient Wipes, Patient Pack
Code: 900PW024 (V38-124)
Quantity: 24 wipes

Senset Moist Patient Wipes, Patient Pack
Code: 900PW012 (V38-012)
Quantity: 12 wipes

Supplier: Vernacare
Matrix Park
1 Western Avenue
Chorley
Lancs
PR7 7NB
Tel: +44 (0)1204 529494
Fax: +44 (0)1204 521862

1.2 Relevant Identified uses of the substance:

A moist cleansing wipes for use on skin.

SECTION 2: Hazards Identification:

2.1 Classification of the substance:

This product meets the requirements of the Cosmetic Products Safety Regulations EC 1223: 2009

2.2 Hazards Summary

Repeated exposure to the formulation as supplied is unlikely to produce allergy by skin contact.
None of the ingredients in this product have been reported to cause photoirritancy.
Prolonged and/or repeated skin contact with the product is unlikely to cause damage to internal organs.
Accidental exposure of the eye to the formulation as supplied may result in slight eye irritation.

Hazards Pictograms:

None

Hazards Statement:

The product does not meet the criteria for classification.

Disposal:

For waste disposal see section 13

SECTION 3: Composition / Information on Ingredients:

Airlaid paper (wood pulp and polymer binder) known as AIRSPUN, with a fragranced wipe cleansing liquid, individually pre-folded. Aqua, Propylene Glycol, Disodium EDTA Cocamidopropyl betanine, Polysorbate20, Disodium Phosphate, Methylparaben, Propylparaben, 2-bromo-2- Nitropropane-1, 3-Diol, Parfum, Sodium Citrate, Phenoxyethanol, Aloe Barbadensis. pH 6.8 to 7.0

SECTION 4: First Aid Measures:

Eyes - Avoid contact with eyes. If contact does occur, rinse well with warm water.
Inhalation - It is unlikely that inhalation will be a route of exposure.
Ingestion - If swallowed, the formulation may cause slight irritation to the mouth and upper digestive tract.

SECTION 5: Firefighting Measures:

Fire Fighting: If there is a fire close by, use suitable extinguishing agents. The product is not flammable.

SECTION 6: Accidental Release Measures:

This product does not present any particular risk for personnel or the environment. If a small amount of the product is spilled sweep up and dispose of in a suitable waste container.

SECTION 7: Handling and Storage:

No special handling procedures are called for.
The product should be maintained under clean dry conditions avoiding extremes of temperature and humidity.
Store between 10 degrees C and 35 degrees C.
Shelf life of Product: 30 months from date of manufacture.

Shelf Life: 30 months from date of manufacture (see base of pack for expiry date).

SECTION 8: Exposure Controls / Personal Protection:

Avoid contact with eyes and ingestion.

SECTION 9 Physical and Chemical Properties:

Wipe appearance: White, moist and soft containing a liquid free from matter.
Wipe dimensions: 200mm x 175mm
Wipe weight: 45gm²

Senset Refill Pack (900PW050):

Unit dimensions: 70mm x 122mm x 180mm
Case dimensions: 365mm x 205mm x 260mm
No. of units per case: 12
Cases per pallet: 60

Senset Patient Pack (900PW024):

Unit dimensions: 111mm x 243mm x 20mm
Case dimensions: 266mm x 440mm x 124mm
No. of units per case: 24
Cases per pallet: 72

Senset Patient Pack (900PW012):

Unit dimensions: 111mm x 243mm x 10mm

Case dimensions: 250mm x 250mm x 270mm
No. of units per case: 48
Cases per pallet: 76

This formulation contains low concentrations of mild surfactant with a small amount of propylene glycol to aid the cleansing of the skin. Under conditions of use and foreseeable misuse, the product is unlikely to cause a high level of adverse reactions and will give users a level of safety they can reasonably expect.

SECTION 10: Stability and Reactivity:

The product is stable under normal conditions of use. No dangerous reactions are known under normal use conditions.

SECTION 11: Toxicology Rationale:

This formulation contains low concentrations of mild surfactant with a small amount of propylene glycol to aid the cleansing of the skin. Under conditions of use and foreseeable misuse, the product is unlikely to cause a high level of adverse reactions and will give users a level of safety they can reasonably expect.

SECTION 12: Ecology Information:

Wipes or formulation are biodegradable and do not present any particular risk for environment.

SECTION 13: Disposal Considerations:

Dispose of in a medical macerator or via suitable waste container.
Product should not be flushed down the toilet.

SECTION 14: Transport Information

Not restricted.

SECTION 15: Regulatory Information:

This product meets the requirements of the Cosmetic Products Safety Regulations EC 1223: 2009

SECTION 16: Other Information:

Issue Date: March 2012
Version Number: 11
Revision Date: 12th July 2018
Supersedes: 11th September 2017

The information contained in this safety data sheet is given in good faith. It is accurate to the best of our knowledge and belief and represents the most up to date information.

The information given in this data sheet does not constitute or replace the users own assessment of workplace risk as required by other health and safety legislation.
