TECcare CONTROL

REQUIRED CLEANING TOOLS

1

If area is heavily soiled, remove excess and dispose in line with your company guidelines

2

Spray Teccare control directly onto cloth or paper towel and apply to the surface

3

Wipe over using the dry side of the cloth or paper towel. Repeat steps 2&3 if required.

4

Final inspection of the area

5

Wash hands thoroughly and in line with your own company guidelines

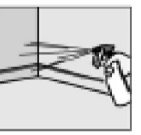

freshwaveIAQ
Natural Odor Eliminator

Follow this procedure for all communal areas, bathrooms and bedrooms.

1

Direct one spray into each corner of the room

2

Spray 30cm away from furnishings

Before leaving the room spray Fresh Wave air surface spray in the doorway directly onto the floor surface
